Dear Ms. DeCarlo:

The Agency has completed its preliminary technical screening of your application pursuant to Section 33(f)(4)(B)(i)(II) of the Federal Insecticide, Fungicide, and Rodenticide (FIFRA), as amended by the Pesticide Registration Improvement Extension Act. The Agency has determined that your application has not passed the preliminary technical screen and therefore is subject to rejection if the application is not corrected.

Specifically, the enforcement analytical method data, MRID 50598901, was unacceptable. The data indicated that the analytical enforcement method was located in Appendix B; however, Appendix B shows a pdf attachment titled, D8323090 Determination of Ci. You should submit this document if it addresses the OPPTS Guideline 830.1800 Enforcement Analytical Method data requirement.

In order for the review of your product to continue, you will need to correct your submission(s) to address the item(s) listed above within 10 business days of the date you received this letter. If you cannot correct the application or do not respond within 10 business days, your application will be rejected.

If you have questions, please contact Stacey Grigsby at [Grigsby.stacey@epa.gov](mailto:Grigsby.stacey@epa.gov) or 703-305-6440.

Sincerely,
